What **Schools** Are Saying

"I love having our school safety guard (Kassi). She makes me and the students feel extremely safe. She has made relationships with the students and staff and has really made our school a better and safer place."

"Our School Safety Officers don't just protect our campus — they've become part of our school community. They're visible, trusted, and our students feel safer knowing they're always here."

What School Safety Should Look Like

At Pilum Defense Agency, school safety isn't about standing guard — it's about creating an environment where students feel protected, respected, and empowered to thrive.

Our officers serve as:

Peacekeepers
Mentors
Trusted community allies

We believe security is about trust, presence, and readiness — every day, every shift.

We're proud to deliver that standard of care to every school we serve.
